COLD MORNINGS, HOT DEALS

RUN OUT SPECIALS ON A HUGE RANGE OF TRACTORS

JOHN DEERE | Brandt

WELCOME TO THE BRANDT FAMILY.

New name, same great local team.

Same people, different shirt. It's business as usual across our 9 North Island locations with the same great team ready to support you.

As a private, family-run business, Brandt has the freedom to make investments necessary to deliver powerful value for you, our customers. It's what we've built our reputation on for 90 years!

Our success is built on understanding your needs better than anyone else and doing whatever it takes to help you build your own success. 'Powerful Value, Delivered.' is much more than a tagline at Brandt. It is our company-wide promise to help you succeed by empowering you with uncompromising quality of our products and services.

Tim Ormrod
Senior Vice President
New Zealand & Australia

CELEBRATING OUR CUSTOMERS

We recently gave away a John Deere 1023E to our lucky winner, Simon! With the purchase of any Giltrap product, customers were automatically entered into the draw. Simon came away with a brand new Giltrap wagon and was very happy to receive another John Deere to add to his fleet!

Keep up to date with what's happening at Brandt by following us on Facebook or Instagram. We love to share your stories at #BrandtNZ

Discover peace of mind with John Deere's Powertrain Warranty.

MEET SAM

Husband and wife team, Sam and Emma have been climbing the dairy ladder since starting out in the industry 10 years ago. This is their first season sharemilking which meant investing in their own equipment. Here's what Sam had to say about their recent purchase. "I'm the first to admit I'm not a machinery person so reliability was key. I would rather be focusing on animal health and pasture management, not whether the tractor is going to start. The 6M ticked all our boxes and even the untrained eye appreciates the build quality. Our staff find it easy to operate and once we took into account the 500 hour service intervals and resale value, the John Deere 6140M was a no brainer."

Offers expire 31 October 2022

KEEP ON MOVING.

133 INSPECTION

$199 + GST

A 133 Inspection is a high-level review of the critical operating systems on your machine. Have our factory-trained technicians review your machine to provide insights into any required repairs to reduce downtime. Ideal for tractors 50HP - 500HP+
