389

THE **ICON** OF THE HIGHWAY.

The Model 389 embodies Peterbilt heritage and merges it with a proven design to create a legendary classic. Lightweight components, such as the all-aluminum cab and the industry's only aluminum hood, as well as a variety of lightweight front and rear suspensions, allow for increased load capacity. Aerodynamic enhancements for increased fuel savings all combine to ensure that your investment in the Model 389 pays dividends long after the initial purchase. An optional fuel-efficiency package as well as Peterbilt's exceptional reliability and performance translate into an overall low cost of operation. The Model 389 is available with the fuel-efficient PACCAR MX-13 engine with power ratings up to 500 hp and 1,850 lb-ft torque for maximum performance. The Model 389 continues to be an industry leader in quality, styling, performance and enduring value.

For more information on the Model 389, contact your local Peterbilt dealer or visit www.peterbilt.com

The Model 389 features conventional styling, plus a selection of components and options for efficiency and performance. Peterbilt's lightweight and durable hood is the industry's only all-aluminum hood with a distinctive punched oval grille and one-piece aluminum crown.

CAB INTERIOR

The Model 389 features an ergonomic dash that puts everything within reach of the driver and improves visibility. The charcoal finish reduces glare and resists scratches and fading.

SLEEPER INTERIOR

Peterbilt's unique sleepers are built to deliver unparalleled fit and finish, quality and comfort. They feature plenty of storage, shelving, ample overhead lighting and a powerful HVAC. Available in 44", 58", 72" & 78" configurations.

VISIBILITY

Halogen projectors, aluminum headlamps and long-life LED directional signals are protected with an impact-resistant lens and contribute to overall exceptional visibility.

DURABILITY

A lightweight all-aluminum cab is huck-bolted with lap seam construction and bulkhead style doors for toughness and corrosion resistance. The Model 389 cab offers years of virtually watertight, rattle-free performance.
